PROOF OF SCHOOL DENTAL EXAMINATION FORM

Illinois law (Child Health Examination Code, 77 Ill. Adm. Code 665) states all children in kindergarten and the second, sixth and ninth grades of any public, private or parochial school shall have a dental examination. The examination must have taken place within 18 months prior to May 15 of the school year. A licensed dentist must complete the examination, sign and date this Proof of School Dental Examination Form. If you are unable to get this required examination for your child, fill out a separate Dental Examination Waiver Form.

This important examination will let you know if there are any dental problems that need attention by a dentist. Children need good oral health to speak with confidence, express themselves, be healthy and ready to learn. Poor oral health has been related to lower school performance, poor social relationships, and less success later in life. For this reason, we thank you for making this contribution to the health and well-being of your child.

Dear Parents,

Your student is enrolled in an English course for the upcoming school year. Township High School District 214's English courses provide instruction and skill development focused on the areas of reading, writing and critical thinking skills. In the area of reading, English teachers will provide contextual and literary analysis experiences that enhance student's personal connections to the text. A specific reading strategy included in this instruction is **annotation**. Annotation encourages critical reading through the use of symbols, marginal notes, essential questions, and connections both to and in the text. The process of annotation allows students to maximize these personal connections in order to create meaning, analyze, and interact with text in a way that is vital to their understanding. District 214 students will be afforded the opportunity to examine text closely and critically through the use of their own paperback novel(s). The attached list includes the title and ISBN number for the novels required for purchase in each English course at your student's high school. Each listing indicates the semester in which the novel will be read. This will assist with your purchasing timeline. Students eligible and approved for a fee waiver will have the materials provided for them.

If a course indicates "Not Applicable" there are no materials required for purchase.

Students and parents are free to purchase the listed paperback novels at any retail or online vendor, i.e., Amazon.com, in order to access the best available pricing. In an effort to provide you with options for purchase we have worked with two book vendors who have worked with the district to make inventory available for all listed materials. Multiple options are available which include in store purchase and online purchase with delivery to your home. We hope that this information is of assistance to you.

We are excited about the upcoming school year and look forward to your student's continued learning.

Sincerely,

Dr. Lazaro J. Lopez

Associate Superintendent for Teaching and Learning

HEROINE by Mindy McGinnis

May contain mature themes

Edgar Award-winning author Mindy McGinnis delivers a visceral and necessary novel about addiction, family, friendship, and hope.

When a car crash sidelines Mickey just before softball season, she has to find a way to hold on to her spot as the catcher for a team expected to make a historic tournament run. Behind the plate is the only place she's ever felt comfortable, and the painkillers she's been prescribed can help her get there. The pills do more than take away pain; they make her feel good. With a new circle of friends—fellow injured athletes, others with just time to kill—Mickey finds peaceful acceptance, and people with whom words come easily, even if it is just the pills loosening her tongue. But as the pressure to be Mickey Catalan heightens, her need increases, and it becomes less about pain and more about want, something that could send her spiraling out of control.

Openly Straight by Bill Koningsburg

May contain mature themes

The award-winning novel about being out, being proud, and being ready for something else... now in paperback.

Rafe is a normal teenager from Boulder, Colorado. He plays soccer. He's won skiing prizes. He likes to write. And, oh yeah, he's gay. He's been out since 8th grade, and he isn't teased, and he goes to other high schools and talks about tolerance and stuff. And while that's important, all Rafe really wants is to just be a regular guy. Not that GAY guy. To have it be a part of who he is, but not the headline, every single time. So when he transfers to an all-boys' boarding school in New England, he decides to keep his sexuality a secret -- not so much going back in the closet as starting over with a clean slate. But then he sees a classmate breaking down. He meets a teacher who challenges him to write his story. And most of all, he falls in love with Ben... who doesn't even know that love is possible.

Zen Diagram by Wendy Brant

Eva Walker is a seventeen-year-old math genius. And if that doesn't do wonders for her popularity, there's another thing that makes it even worse: when she touches another person or anything that belongs to them — from clothes to textbooks to cell phones — she sees a vision of their emotions. She can read a person's fears and anxieties, their secrets and loves ... and what they have yet to learn about calculus. This is helpful for her work as a math tutor, but it means she can never get close to people. Eva avoids touching anyone and everyone. People think it's because she's a clean freak — with the emphasis on freak — but it's all she can do to protect herself from other people's issues.

Then one day a new student walks into Eva's life. His jacket gives off so much emotional trauma that she falls to the floor. Eva is instantly drawn to Zenn, a handsome and soulful artist who also has a troubled home life, and her feelings only grow when she realizes that she can touch Zenn's skin without having visions. But when she discovers the history that links them, the truth threatens to tear the two apart.

Stamped by Jason Reynolds, Ibram X. Kendi

The construct of race has always been used to gain and keep power, to create dynamics that separate and silence. This remarkable reimagining of Dr. Ibram X. Kendi's National Book Award-winning *Stamped from the Beginning* reveals the history of racist ideas in America, and inspires hope for an antiracist future. It takes you on a race journey from then to now, shows you why we feel how we feel, and why the poison of racism lingers. It also proves that while racist ideas have always been easy to fabricate and distribute, they can also be discredited.

Through a gripping, fast-paced, and energizing narrative written by beloved award-winner Jason Reynolds, this book shines a light on the many insidious forms of racist ideas—and on ways readers can identify and stamp out racist thoughts in their daily lives.

INFORMATION REGARDING “EVERY STUDENT SUCCEEDS” AND ROLLING MEADOWS HIGH SCHOOL

The Elementary and Secondary Education Act (also known as the Every Student Succeeds Act or ESSA) is a federal law meant to ensure that all school children, whatever their economic background, can achieve high academic standards. Because of this law, Rolling Meadows High School receives funding from the federal government in the form of Title I and Title II-A grants. The Title I grant is awarded to the school based on the number of low-income students enrolled. This grant supports programs for children who are at risk of failing. The Title II-A grant helps pay for teacher training and professional development. Title grant funding covers part of the cost of programs at Rolling Meadows such as supplementary tutoring, AVID college readiness, field trips to college campuses, and parent outreach meetings.

ESSA also says that parents have a right to know about the professional qualifications of their children’s classroom teachers. You can ask for information about teachers’ licensing and academic degrees. You also have the right to know whether your child is being provided services by paraprofessionals and what their qualifications are. We are pleased to report all teachers in District 214 are highly qualified, as defined by the Illinois State Board of Education. Highly qualified teachers have a bachelor’s degree or higher and a state teaching license. In addition, for each core subject area of teaching responsibility, all teachers have either passed a content-area test or completed a college degree in that subject. All paraprofessionals are endorsed by the state as paraprofessional educators, having completed at least 60 semester hours of college credit or the equivalent. If this situation ever changes, you will be notified promptly.

Rolling Meadows High School and District 214 encourage you to become involved in your child’s education, as outlined in the accompanying School-Parent Compact. You are invited to attend the annual Title I meeting and parent-teacher conferences, and you are also encouraged to join groups such as the Parent Teacher Organization and the Latino Parent Council. A schedule of parent activities is published in the quarterly newsletter and on the school website. It is district policy that parents, staff and students share the responsibility for improved academic achievement.

Thank you and please enjoy the upcoming school year.

INFORMACIÓN SOBRE “CADA ESTUDIANTE TRIUNFA” Y ROLLING MEADOWS HIGH SCHOOL

La Ley de Educación Primaria y Secundaria (también conocida como Cada Estudiante Triunfa o ESSA, por sus siglas en inglés) es una legislación que intenta asegurar que todos los estudiantes, sin importar sus situaciones económicas, puedan alcanzar altos estándares académicos. Gracias a esta ley, Rolling Meadows High School recibe fondos del gobierno federal en la forma de subvenciones llamadas Título I y Título II-A. La subvención Título I se otorga a la escuela basándose en el número de estudiantes con bajos recursos. Esta subvención apoya programas para niños en riesgo de reprobación. La subvención Título II-A ayuda a pagar por el entrenamiento y desarrollo profesional de maestros. Estas subvenciones federales cubren parte del costo de los programas en Rolling Meadows, tales como la tutoría suplementaria, el curso de preparación universitaria AVID, excursiones a recintos universitarios, y reuniones de enlace familiar.

ESSA también dice que los padres tienen derecho a saber acerca de las cualificaciones profesionales de los maestros de sus hijos. Usted puede pedir información sobre las cualificaciones de los maestros de su hijo/a, incluso sus licencias y títulos universitarios. Usted también tiene el derecho de saber si su hijo/a está recibiendo servicios de un asistente y cuáles son sus cualificaciones. Nos da gusto informarle que todos los maestros en el Distrito 214 están altamente cualificados, según la definición de la Junta Educativa del Estado de Illinois. Los maestros altamente cualificados tienen al menos una licenciatura (bachelor's degree) y una licencia estatal de enseñanza. Además, para cada asignatura principal que el maestro enseña, él/ella ha pasado un examen estatal o ha completado un título universitario en esa materia. Todos los asistentes del Distrito 214 son aprobados por el estado como educadores paraprofesionales, con al menos 60 horas de estudio universitario o el equivalente. Si esta situación cambia, usted será notificado lo más pronto posible.

Rolling Meadows High School y el Distrito 214 les recomiendan que se involucren en la educación de su hijo/a, así como se describe en el Pacto adjunto. Se le invita a asistir a la reunión anual de Título I y a las conferencias individuales con los maestros de su hijo/a; también se le alienta a unirse a grupos como la Junta de Padres Latinos y la Parent Teacher Organization. Un calendario de actividades para padres se publica en el boletín y en el sitio Web de la escuela. Es la norma del distrito que los padres, el personal y los alumnos compartan la responsabilidad de mejorar los logros académicos.

Gracias y que disfruten el próximo año escolar.
