Fashion Construction

The Fashion Construction Pathway provides students with the opportunity to learn how to construct clothing and accessory items that involve basic to more advanced sewing skills, such as skirts, button-down shirts, dresses, jackets, swimwear, jeans, tote bags and more.

In College Fashion Construction, students participate in the Harper College Little Black Dress Competition to gain real-world experience. Advanced students compete in the Harper Challenge Competition, with winning garments featured in the annual Harper Fashion Show.

Students who complete two of the courses can participate of the District's fashion internship program.

All of the program's courses except for Fashion Design are dual credit. They are offered at Buffalo Grove High School and Rolling Meadows High School. Students who are enrolled at other schools in District 214 will travel to one of these schools to take these courses during the school day at no expense to the students.
